2014-15 Newsletter

ΩM Update

The 2014-15 academic year was another banner year for the men of Omega Mu. The Parent/Alumni Tailgate Party in early Oct. was well attended with many parents traveling from Texas to enjoy burgers, beverages, and brotherhood. In a great show of solidarity the entire chapter traveled to Norman, with its HastyBake in tow, and provided an outstanding tailgate party as part of the Rho Lambda Roundup. Fall semester was also highlighted with the visit of Brother David Howe from Deke Headquarters. In the spring Deke again partnered with Kappa Kappa Gamma to sponsor "Greek Town Grill Down" which was attended by well over 700 students and raised over $5,000 for a local charity. Deke again set an academic example by posting an overall GPA of 3.06. Deke initiated 17 brothers, bringing the total number of initiated members to **72** since first colonizing in April of 2012. The brotherhood continues its living arrangements at 1215 and 1225 W. 3rd Ave. The current sale of the Pike House to the University presents possible opportunities for expansion which will be a topic of discussion over the summer and into the fall semester.
